HOUSE APPROVES LEGALIZING BILL

Measure Offered Originally by Administration as Solution of Tax Muddle Passed Today.

FOLLOWS CAUCUS ACTION

W. R. Jinnett of Manilla, Representative From This County, Votes Against the Bill.

Indianapolis, Ind., July 16.—The administration bill legalizing horizontal increases in property valuation by the state tax board was approved by the house under the suspension of the rules today by a vote of 63 to 30. It now goes to the senate for action by that body.

The increase was declared invalid by the Supreme court following a bitter legal battle recently.

While the house was passing the tax legislation, the senate struck out the enacting clause from Senator Hogsten's bill abolishing the public service commission, thus killing the measure.

Passage of the legalization bill by the house resulted from a caucus action of the members of the majority party. After six hours' session yesterday, lasting until 10:30 last night, the republican representatives recessed until today and a committee of 13, one representing each congressional district, reported back to the caucus today, recommending the passage of the administration bill.

There was some opposition in the republican ranks originally, and this continued through the caucus yesterday, but most of it faded away at today's meeting.

Those voting against the measure included: Bedaman of Terre Haute, Granston of Vincennes, Jinnett of Manilla, Lee of Shelbyville, O'Leary and O'Neil of Terre Haute, Smith of Princeton, and Walker of Geneva.

Seven were absent or not voting, including Hamilton of South Bend, and Muenstermann of Evansville.

The bill as passed was virtually as introduced. There were minor amendments, none of which made any change to affect the intent of the bill.

Representative Axby of Lawrenceburg denounced the administration in explaining why he voted against the bill.

Axby declared that while the democrats were awaiting the arrival of republican representatives for a session last night, they appointed Representative O'Neal of Terre Haute to find where the majority members were. He declared that O'Neal returned in about an hour and reported the republicans caucusing in the supreme court chamber and that the key to the room was in the hands of Governor Goodrich. Axby stated that the republicans were instructed to reach an agreement before adjourning for the night.

The senate recalled the institutional appropriation bill and added an appropriation of \$4,460 for repairs and maintenance of the soldiers' and sailors' monument. The bill was then referred to the special committee for final review, before returning it to the house.

Is a Surprise Here

Out of the jumble of bills, which have been introduced in the special session of the legislature, and the multiplicity of suggestions which have been made, Rushville men who have been following the tax situation were unable to predict today just what would be the outcome of the effort to correct the difficulty which arose when the supreme court held illegal the horizontal increases in the property valuations put on by the state tax board.

Passage of the bill legalizing the horizontal increases was a surprise here because it was generally believed that the house would adopt a substitute for this measure which was agreed on at a conference yesterday afternoon and was sponsored by the Indiana Federation of Farmers' Association.

This bill does not legalize the horizontal increases, but provides for special sessions of the county boards of review within thirty days after the enactment of the law to equalize assessments.

FALLS OFF A MOTOR TRUCK

Indiana State Library + file With Carrie Caldwell

Miss Carrie Caldwell, who is accompanying the motor truck canvassing the county this week for contributions to be sold for the Home Service Fund, fell off the truck yesterday and was severely injured. No bones were broken but she was so seriously hurt that she could not continue on the trip and was sent home on the train from Henderson.

The truck traveled west today and solicited farmers in the vicinity of Arlington. No trip will be made tomorrow, but on Monday solicitations will be made in the northern part of the county in the Mays and Dunreith neighborhoods, and on Tuesday in the vicinity of Manilla.

TOLD FRIENDS HE WAS LEAVING FOR ALL TIME

Ernest (Doc) Kinsley Departed Monday, Leading Wife to Believe He Was Going Fishing

CHECKED MONEY FROM BANK

Ernest Kinsley, known as "Doc" Kinsley, who has been employed for some time at the Arcade pool room suddenly disappeared Monday night and has not been seen nor heard from by his wife, who says that the last she saw of him was in the afternoon, when he left his house on his bicycle with his fishing tackle, presumably going on a fishing trip. Mrs. Kinsley later in the night made investigations and learned from some of Mr. Kinsley's friends that he had planned to leave the city, going to parts unknown, and had used those methods in escaping from his wife.

It is said that Mr. Kinsley withdrew all of his money from the bank with the exception of a small amount which he left for his wife. He left no note, but told several of his friends that he wanted to leave there, and told them to tell Mrs. Kinsley about it, when she made inquiries.

GLENWOOD REVIVAL ENDS

Series of Meetings Successful—New Parsonage Being Built

The series of meetings being held at the Glenwood Christian church closed last evening, with very successful results. The meetings were in charge of the Rev. G. H. Lawton, pastor of the Arlington Christian church. A number of new members were added to the church and nine were baptized yesterday at Gray's Falls.

The new Christian parsonage being built at Arlington, is expected to be completed in about three weeks. The dedication services will be performed upon completion, the exact date to be announced at the Sunday services. The building is being built on the bungalow style and is finished on the outside with kellestone and brick, and will have all the modern conveniences.

QUARTERLY CONFERENCE

The fourth quarterly conference and business session of the St. Paul's Methodist Episcopal church will be held this evening in the church parlors at 7:30 o'clock with the Rev. J. M. Walker, D. D. superintendent, presiding. A full report of the year's work will be received from all departments of the church. All of the official members are expected to attend and others who are interested will be welcome.

ATTACKED BEFORE MURDER

New London, Connecticut, July 16.—Mrs. Florence DeCourdova, wife of a wealthy New York broker who was slain by her chauffeur, Bernard Geisler, near here, was brutally attacked before she was killed, authorities said today. Marks were found on her throat indicating she had been choked until unconscious.

GERMAN DELEGATION DISAGREES OVER ANSWER TO ALLIED ULTIMATUM

Request That Meeting Scheduled For 11 A. M. be Postponed Until 4 P. M. Granted

DISTRIBUTION IS AGREED ON

German Reparation Payments Will be Divided Among Allies as Recently Decided

(By United Press.)

Spa, Belgium, July 16.—Distribution of the German reparation payments among the allies was agreed upon at a meeting of allied leaders today.

The percentage to go to the various countries were not announced although it was believed they would be substantiated as previously decided.

As a result of a disagreement among themselves the German delegation sent Herr Simons, secretary

to Premier Millerand with a request that the convention scheduled for 11 a. m. be postponed until 4 p. m. this afternoon. The German request was granted.

It was reported that the German minister of economics had threatened to resign if the German delegation signed the allied coal ultimatum.

He was understood to have protested the inability to meet the situation resulting from the taking of two million tons of coal from the German mines.

The German delegation held a conference this morning to discuss the answer to the allied coal ultimatum. Simons, German foreign minister, told the committee after the meeting he believed an agreement with the allies should be reached.

The allies have met us half way, he declared, and believed they were close enough together now "to enable us to reach an agreement."

WILL ANNOUNCE RAIL WAGE AWARD TUESDAY

United States Labor Board Agrees on Increases, One Member States Today

EXPECT EMPLOYEES TO ACCEPT

(By United Press.)

Chicago, Ill., July 16.—The United States railroad labor board will announce its awards on the demand of two million railroad workers for annual billion dollar wage increase at 11:30 next Tuesday morning. G. W. Hanger, board member, announced today.

The board, it was learned, has practically agreed on increases to be awarded and believed they will be accepted by the employees.

The announcement of the awards will be made in conformity with the statement of the board several weeks ago that it would render a decision on or before July 20.

It was announced then to avert a threatened general railroad strike.

Board members refused to discuss the details of the awards to be made. The railroad labor chiefs will meet here Monday to be at hand when the awards are announced so that they can decide immediately whether they are satisfactory.

AUSTRO-HUNGARIAN TREATY IS EFFECTIVE

Final Exchange of Ratification Takes Place at St. Germain With Formal Ceremony

RELATIONS TO BE RESUMED

(By United Press.)

Paris, July 16.—The Austro-Hungarian peace treaty became effective today with final exchange of ratification.

The exchange of ratification took place in the cloak room of the building at St. Germain, where the treaty was originally handed the Austro-German delegates.

Jules Cambon of France presided and he announced that this exchange of ratification permitted an immediate resumption of relations between Austria and allied countries.

Herr Eichhoff replied, thanking Cambon and declared today that it would mark the beginning of Austrian people rejuvenating from the ruins of the war. He said that every effort will be made to fulfill all treaty obligations.

CHAIN OF AUTO THIEVES WILL BE INVESTIGATED

Federal Grand Jury Will Take up Alleged Conspiracy Gang Operating in Three States

ONE MEMBER HAS CONFESSED

(By United Press.)

Indianapolis, Ind., July 16.—When the federal grand jury convenes within two months, it will investigate reports of a gigantic automobile stealing conspiracy said to cover Indiana, Ohio, and Kentucky, according to present plans. Fred VanNuy, U. S. district attorney, asserted in open court that young men employed in the business steal cars in Indianapolis drive them to Cincinnati, sell them there, steal a Cincinnati car and drive back to Indianapolis and sell the car here.

Other cities mentioned in connection with the alleged scheme were Terre Haute, Louisville, Akron and Columbus. United States authorities have been investigating the thefts, it was learned. The rendezvous of many of the conspirators have been located.

Authorities have the alleged confessions of George Hodges, now in prison at Atlanta, for stealing automobiles.

LOS ANGELES VISITED BY EARTHQUAKE TODAY

Buildings Are Rocked and People Rush to Streets When Violent Shock is Felt

IS FOLLOWED BY TREMORS

(By United Press.)

Los Angeles, Calif., July 16.—Buildings in Los Angeles were rocked violently at 10:11 a. m. today by an earthquake shock.

The quake appeared to be one sudden violent shock followed by several tremors.

People rushed to the streets from the stores and offices in the downtown district but it appeared there was no real panic. It was feared that some damage had been done.

Early reports indicated the quake centered in or near the city of Los Angeles. At beach cities, particularly Long Beach, it was said the quake was not violent but was sufficiently strong to rattle windows. The telephone service was partially demoralized for 10 minutes.

NEUVO LAREDO ATTACKED

San Antonio, Texas, July 16.—Neuvo Laredo, important Mexican state capital across the Rio Grande, was attacked by rebel forces under Ricardo Gonzales, according to advices received here. The attacking forces were reported numbering between 300 and 600 and the federal garrison 30 Indiana and 60 guards.

JAMES TEETERS RELEASED

Fine of One Boy Arrested For Vagrancy Stayed by Business Man

James Teeters, one of the three boys who were arrested recently, and charged with vagrancy, was released from jail this morning, when a local business man stayed his fine of ten dollars and costs. The local man immediately sent Teeters to his farm, where that class of labor is in need. Land, the other boy arrested at the same time, is being held in jail, as the affidavit was filed by his father, setting forth that he had not contributed enough money for their support. William Hendricks the third boy arrested, was released from jail yesterday, it will be recalled, when he paid a fine of a dollar and costs.

TWENTY KNIGHTS TO ATTEND ENCAMPMENT

Approximately A Dozen Will Go On Special Train and Remainder Will Motor to Cleveland

SPECIAL RATE IS ALLOWED

Approximately twenty members of the Uniform Rank, Knights of Pythias, of this city plan to attend the national encampment at Cleveland the week of July 26, it was learned at a meeting last night called for the purpose of arranging for the trip. About a dozen members will travel on the Indiana special, which leaves Indianapolis over the Big Four at 9 a. m. Sunday, July 25, and the remainder will go in automobiles.

The Big Four has allowed a rate of one and one-third fare for the round trip, but it will be necessary for each Knight to have an identification slip showing he is a member of the Uniform Rank before the rate will be granted. Capt. George Coons of the local company has these slips.

This is the fourteenth encampment held by the K. of P., the first one being held at Toronto, Canada, in 1886. Since then the encampments have been held every two years. Since the year 1886 the encampment has been held at Toronto, Cincinnati, Detroit, Kansas City, San Francisco, Indianapolis, Terre Haute, Washington, D. C., New Orleans, Louisville, Ky., Boston and twice at Milwaukee.

BROKE LOCK ON BARN DOOR

"John Doe" Pays Fine For Malicious Trespass Before Squire

A man giving his name as "John Doe" was fined a dollar and costs this morning in Squire Steeh's court on a charge of malicious trespass, filed by Levi Crull, owner of a local feed stable. For a time this morning, Mr. Crull thought that someone had stolen five head of horses, when he found the door of a barn open, and the lock destroyed. The "John Doe" came here last night with five head of horses and placed them in the barn, and early this morning shipped them to Indianapolis by motor truck, and tore the lock off the door in order to get them out. Mr. Crull notified Sheriff Jones, after he found the horses were gone, and an investigation revealed that the man had forced the door open, and the charges were filed against him.

REUNION SET FOR SUNDAY

The annual reunion of the Rush-Fayette county association will be held Sunday in the Brookside Park, Indianapolis. It will be an all day meeting with a basket dinner at noon. Fred VanNuy, United States district attorney, will deliver the principal address in the afternoon and Frank Houston of Indianapolis will have charge of the musical program. All residents of the two counties are cordially invited to attend this meeting.

RADICAL CHANGE IN ELECTION LAW

Amendment Passed by Senate Designed to Provide Additional Facilities For Voting

TO CARE FOR WOMEN VOTERS

Amendment to Registration Law Also Passed by Senate Includes New Provisions

Radical changes will be made in the election laws by an amendment bill which was passed by the senate in the special session of the legislature last night and which will be passed by the house and signed by the governor, in all probability, because it is a bi partisan measure which has the approval of the leaders of both parties.

The bill includes the matter contained in eight administration election law bills designed to provide additional facilities necessary as a result of suffrage.

Under the provisions of the measure election officials will be paid a lump sum for their services instead of receiving compensation by the day. The measure provides for two assistant clerks in each polling place and also admits of changes in precinct boundaries by county commissioners as late as Aug. 8. Regulations for the preservation of ballots are provided and absent voters are permitted to mark their ballots with a black pencil or with ink instead of with a blue pencil as at present.

The amendment to the registration law, which was also agreed upon by the bipartisan committee of the senate, was passed under suspension of the rules at the night session.

The measure provides that registration places shall be open from 8 a. m. to 9 p. m. and that any voter can register on blanks that will be provided without going in person to the registration place.

Voters will have two opportunities to register, first on Sept. 4, and again on Oct. 4. Those who fail to register on one of those two days will be out of luck on the first Tuesday in November and will have no chance to exercise "self determination" in the matter of a president of the United States and a governor of the state.

It is the belief at the state headquarters of the two parties that it will be easier to get women registered than men. The novelty of voting, it is believed by party chiefs, will appeal to women strong enough to cause them to register without solicitation. All women have not been keenly interested in the suffrage movement, but now that suffrage is a fact, it is believed they will not hesitate to exercise the privilege or right, whichever it is, to cast their ballots.

Legislation is pending in the present session of the General Assembly to provide for permanent registration, making registration unnecessary hereafter except by voters who change precincts between elections. This legislation will not apply to this election, so a complete new registration must be made this fall.

NO IMPROVEMENTS MADE

George Harrell, who was sued yesterday by E. B. Poundstone, for possession of the business room in North Morgan street, and \$50 for retention of the same, denied today that Mr. Poundstone had made any improvements to the building, as alleged in the complaint. He further said that he had received the proper notice to vacate and that he would not pay the increased rent because the improvements were not made.

THURSDAY IS GREAT DAY AT THE REVIVAL

Evangelist Carter Emphasizes Doom
Awaiting Those Who Neglect
Call of God

MEETINGS LAST OVER SUNDAY

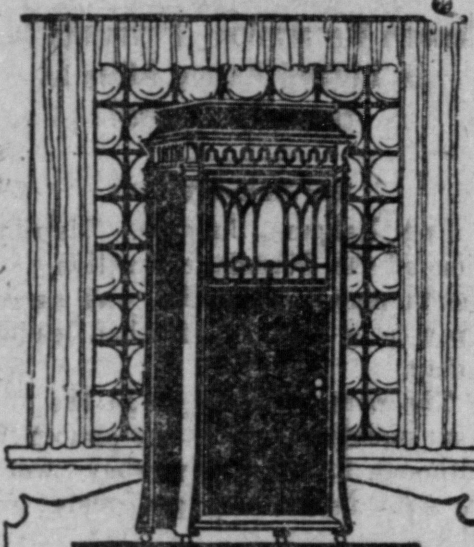

Yesterday was a great day at the revival meeting being held in the coliseum at the city park by the United Brethren. In the afternoon service a number found liberty for service at the altar of prayer, it was announced.

Evangelist Carter preached a soul-

stirring sermon last night. He used as his theme, "Destiny of immortal souls in our hands, all depends upon our letting the Holy Spirit come into our hearts." He emphasized the awful doom of those who neglect the call of God at our heart's door. When the altar call was given men and women responded and prayed through to victory and went away happy because the burden of sin was rolled away, the evangelist stated today.

Miss Edith Meyers, a student in the Bible school at Cincinnati, assisted in the music. Miss Linville's special number was much appreciated by the audience. She will leave at the close of the service tonight and it is regretted that she cannot continue in the services.

Meetings will be held tonight, tomorrow afternoon and night and Sunday all day.

Feed Every 3rd Hog FREE

Save feed and get your hogs ready for market in less time. Prove at our risk that you can save fully one third your feed, making it possible to feed every third hog free by feeding

Milkoline At 2c a Gallon

Milkoline has a base of pasteurized and sterilized, modified Buttermilk. It is guaranteed not to contain any sulphuric acid or anything of an injurious nature to hogs or poultry.

Aids Digestion: Thousands of the most successful hog raisers from New York to California during the past seven years have proved that Milkoline helps and assists digestion, tending to insure perfect assimilation of feed. It helps tone up the system so that hogs are less subject to disease, and practically insures gains of 2 1/2 pounds per head per day.

University Tested Professor W. B. Combs while Asst. Prof. of Dairy Husbandry at Missouri University conducted a scientific test on Milkoline and found that Milkoline fed hogs put on more weight and showed 82.5% more profit than hogs not fed Milkoline. W. H. Graham a successful feeder of Middletown, Mo., said \$30 worth of Milkoline made him an extra profit of \$40. Lee Jackson of Wappingers Falls, N. Y., says Milkoline fixed up a bunch of shoats in fine style and is great for brood sows.

Can't Spoil: Milkoline is guaranteed not to rot, sour or mold. It will keep indefinitely in any climate. Flies do not come near it. It is always uniform, and is guaranteed to make you money or it doesn't cost you anything.

Distributed by

2c a Gallon comes in condensed form, and you do the diluting on your own farm. When fed as directed Milkoline mixture (one part Milkoline to 50 parts water or milk) costs only 2c a gallon. Full feeding directions free. It is shipped in convenient kegs and barrels which we supply free. The prices are as follows: 5 gal. \$7.50; 10 gal. \$12.50; 15 gal. \$16.50; 25 gal. \$22.00; 55 gal. \$48.50. It pays to buy in barrel lots because you save 6c a gal. over the 5 gal. quantities.

30 Day Guaranteed Trial: You are safe in ordering any quantity of Milkoline today. Feed one half the shipment to your hogs and poultry in a thirty day test, then if you aren't entirely satisfied return the unused part to us at our expense and we'll immediately refund every cent you paid us. We are so confident that you will find Milkoline the best money maker on the farm that the S. W. Boulevard Bank of Kansas City substantiates this offer. You are the sole judge. Send money order, or check, to us or our nearest dealer and we'll ship immediately. Our booklet, "How to Hustle Heavy Hogs to Market" will be sent free on request—you name on a card will do.

Evansville Young Man Toned Himself Up To Equal His Task by Taking Trutona

Evansville, Ind., July 14—Edward C. Pfiffer Jr., an Evansville young man who lives at 930 West Michigan Street, realizing that he was not the equal of his position in health, recently began using Trutona. Regarding the benefits he has gained, he says:

"My stomach had been out of shape for some time and my system generally was run-down. I had that tired listless feeling all the time—just seemed to have no 'pep' at all. I can't really express how 'tough' I felt when I began taking Trutona."

But I do know that Trutona has rid me of my stomach trouble. I can eat anything now and it doesn't sour in my stomach, and the dull pains in my limbs and joints have disappeared. I feel 100 per cent improved, in every way, since taking the Perfect Tonic. I have the 'pep' now, that I lacked before, and I feel equal to my job nowadays. I'm glad to recommend Trutona."

Trutona is really a medicine of unusual merit. It is unsurpassed as a reconstructive agency, system purifier and body invigorant. Trutona has been declared peerless as a treatment for stomach, liver and bowel troubles.

Trutona is sold in Rushville at Hargrove and Mullin's Drug Store. —(Adv.)

AMUSEMENTS

Picture is Repeated Tonight

"The Deemster", which was presented at the Mystic theatre here a few weeks ago, will be shown again tonight, as the manager had received numerous requests from people who saw the picture, that he decided that it should be repeated here for another showing. The picture is said to be one of the best Caine productions, with the son of the author in the leading role. Derwent Hall Caine takes the leading part, and is known as England's foremost tragedian.

"The Thunderbolt" at Princess

The Princess theatre offers tonight, "The Thunderbolt," featuring Katherine MacDonald and Thomas Meighen, which is said to be a romance of the strangest marriage on record. An Al St. John comedy will also be on the program tonight. The program tomorrow will be D. W. Griffith's picture, "Scarlet Days."

"Gas" From Sugar

The motor fuel of the future is to be grown, not mined. This might be inferred merely from the known fact that the petroleum supply is limited, and is being used up very rapidly. It is made more of a practical certainty by the announcement that a chemist for a large sugar plantation in Hawaii has succeeded in making an excellent motor fuel out of sugar—or rather, out of the molasses, the crude material from which sugar is refined. It is a "motor alcohol" which is said to have more power than gasoline. Like other forms of alcohol, it burns more cleanly than gasoline or kerosene. If it is really more powerful than these fuels, it is thus doubly preferable to them, provided it does not cost too much.

Wood alcohol, made of wood, woody fibre or other substances containing cellulose, has heretofore been considered the only practical possibility in the way of an alcoholic motor fuel. Grain alcohol has been considered prohibitively expensive. There is no reason why sugar should not be used, whether obtained from cane, beets, mangoes or other sugar-producing fruits and vegetables, or cereals and vegetables containing starch, which substance is convertible into sugar and hence into alcohol. Sugar is composed mainly of carbon, like petroleum, coal, peat and wood. And though it may sound absurd when the world is suffering from so great a sugar scarcity, scientists say that there will be no trouble in producing enough sugar to supply the fuel requirements of gas engines in the future, when once the new industry is established and the market created.

It is a cheerful reminder, to pessimists who are forever corking about the failure of this or that resource, that civilization has a way of discovering new resources, or creating new ones, about as fast as it needs them. When gasoline gives out we shall undoubtedly have something just as good, and probably cheaper and better.

Harding is Determined

Some opposition continue to be heard against Senator Harding's announced determination to conduct his campaign from the front porch of his Marion home. But the Senator has reiterated several times that he will not depart from the resolve that he made soon after the nomination. Experience will demonstrate that his determination is the sound one. The country is heartily tired of the wild scramble for public support such as marked the last active weeks of Mr. Wilson, and that was resorted to again and again by himself and his cabinet in his two campaigns and at other times. Conservatism is what the nation wants, not only in the conduct of the government but in the conduct of the nominee himself, both before and after his entrance into the White House. Senator Harding is determined.

New-Nash Four

Unusually Flexible and Free From Vibration

Two important features which always have characterized Nash products are incorporated efficiently in the new Nash Four to be built in Milwaukee. These points are unusual flexibility and freedom from vibration.

While no announcement has been made as to just when the Nash Four will be in production, it is known that the Milwaukee plant of The Nash Motors Company, in the face of the present material situation, is making progress and that cars will be ready for delivery to dealers some time before winter sets in.

The Nash Four, equipped with the deep breathing Nash perfected valve-in-head motor, has power, pick-up and flexibility beyond the ordinary. Tests have shown that in congested traffic it moves along in "high" or gets away quickly when occasion demands, always instantly responsive to the driver's will.

Being low hung upon unusually long springs it has a low center of gravity and so holds the road at all speeds without sideway, making comfortable riding and easy steering qualities. All controls are so placed that the hands and feet fall naturally into driving position. The clutch and brake pedals and the control and emergency levers bear out the feature of flexibility further by lending themselves to exceptionally easy operation.

Nash engineering furthermore has made the Nash Four unusually free from vibration. The door supports, are built permanently into the car, and assure a minimum of vibration to the body, and a well thought out and carefully balanced construction has made the motor vibration practically negligible.

One of the chief factors in keeping this vibration to a minimum is the big inherently counter balanced crankshaft. As in the construction of the Nash Six motor each crankshaft as it comes through the factory is tested on a machine which registers even the slightest inaccuracy. This insures minimum vibration as well as increased power.—Adv.

Prayer meeting Thursday evening at 7:30 p. m. A cordial welcome is extended to all.

—Arlington Methodist Bible school at 9:30 a. m.; preaching by the pastor at 10:30 a. m. and 8:00 p. m. Senior Epworth League at 7:30 p. m. Prayer meeting Thursday evening. The last quarterly meeting for this conference year will be held by the district superintendent, J. M. Walker, July 25 at 8:00 p. m. and July 26 at 9 a. m. A special called meeting will be held at the Franklin church at 3 p. m. next Sunday.

—At the First United Presbyterian church, the Bible school will meet at 9:30. There will be public worship at 10:45. Sermon subject, "The Human Nature of Jesus Christ." The young people will meet in the evening at 6:30. At 7:30 the congregation will join in the union service in the Main Street Christian church. In this service the sermon will be delivered by the Rev. J. M. Walker, D. D. All are cordially invited to these services.

—The Bible school period of the unified service of the Main Street Christian church commences at 9:30.

At 10:30 the pastor will speak on "True Friends and Friendship." At 7:30 the union service will be held in this church with the Rev. J. M. Walker, district superintendent of the M. E. church as the preacher. This will be a fine opportunity for all Rushville people to extend to Dr. Walker a welcome to this city as a resident. Prayer meeting service Thursday 7:30.

—Services at St. Mary's Catholic church Sunday are as follows: Communion at six o'clock; Low Mass at 7; High Mass 9:15.

Ford
THE UNIVERSAL CAR

Fordson Farm Tractor

There is only one model of the Fordson tractor. Henry Ford knows the wisdom of concentrating every energy on one model; his genius has been centered on building just one compact, easily operated tractor—a tractor useful on small farms or large farms, field work or belt work—and that will cost the least to maintain and operate.

Henry Ford & Son have specialized—they have made one tractor and made it well. That means lower manufacturing costs and a lower selling price for tractor or tractor parts, and a most serviceable, reliable tractor.

It means that the Fordson dealer is able to carry a goodly stock of tractor parts, and that he can give prompt, efficient service to the Fordson farmer. The Fordson, like the Ford car, is a utility for use during the entire year.

The demand for Fordsons is far greater than present production. Place your order now—if you delay, you may not be able to get your tractor when you want it. Order now—it is your protection.

SOCIETY

The Mahoning Council No. 36 will have their regular meeting at the Red Men's hall this evening. All members are requested to be present as there will be installation of officers.

Mrs. J. M. Amos was hostess for the members of the Happy-Go-Lucky club yesterday afternoon at her home south of the city. Fourteen guests were present, among whom were Mrs. John Blackledge and Mrs. G. D. Nicolls of Springfield, Ohio. Dainty refreshments were enjoyed during the social afternoon.

Mrs. Harvey Arnold delightfully entertained the members of the P. A. C. club of Falmouth yesterday afternoon at her home near there. During the business session officers were elected for the coming year, after which a social hour was enjoyed with the serving of refreshments. Nine members and two guests, Miss Velma McClure and Miss Margaret

Stevens, of Richmond were present for the meeting. The next meeting will be held in two weeks with Mrs. Freda Saxon.

Twenty-six members and six visitors were present for the meeting of the Industrial Club held at the home of Mrs. Malinda Young in West Seventh street yesterday afternoon. The assisting hostesses were Mrs. Siders, Mrs. Morgan and Mrs. Wolverton. Following the business meeting a literary program, consisting of readings, musical selections and solos, was given. The next meeting will be held at the home of Mrs. Linda Wachendorf in East Eleventh street and she will be assisted by Mrs. Lillian Jones, Mrs. Fletcher and Mrs. Pearl Dye.

A very pleasant affair took place yesterday at the old Abernathy-Nixon homestead near Falmouth when a family reunion was held. The fiftieth birthday anniversary of Omer Pierson was celebrated and Mrs. Lillie Armstrong of Jackson, Mo., and Mrs. Jane Nixon were the honored guests. A very delicious and bountiful pitch-in dinner was served at noon and in the evening. The guests were Mrs. Lillie Armstrong, Mrs. Ida Lee of Rushville, Mr. and Mrs. Bert Miles of Falmouth, Mrs. Will Cole and family, Mrs. Melvin Cole, Mrs. Frank Kirkham and family of near Falmouth, Mr. and Mrs. Henry Schrader, Mrs. Richard Abernathy, Miss Irene Ab-

ernathy, and Mrs. A. M. Newhouse, all of Rushville, Mrs. Frances Strange of Hot Springs, Ark., and Merle Pierson.

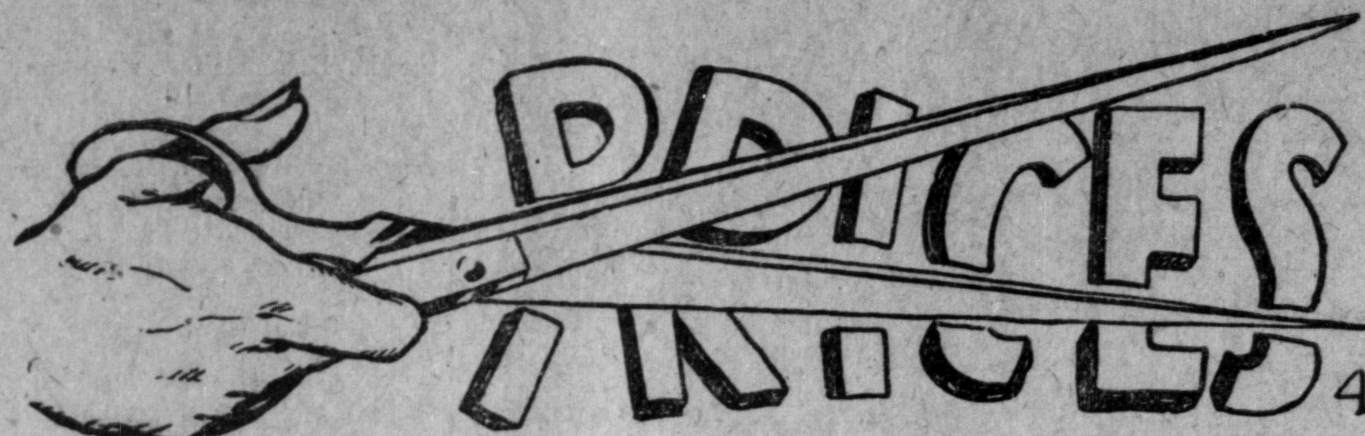

One of the most popular nuptial events of the season took place at the home of Mr. and Mrs. C. G. Clark in North Sexton street yesterday afternoon at four o'clock, when their daughter, Miss Jeannette Clark, was united in marriage to Floyd Kirklin, son of Mr. and Mrs. John Kirklin of Muncie.

The ohme was beautifully decorated for the occasion with ferns and summer flowers, the predominating color scheme being yellow and white. Before the ceremony Miss Marjory Clark, sister of the bride, sang "Because," being accompanied on the piano by Mrs. Allen Messick of Marion, Ind., formerly Miss Louise Craig of this city.

To the strains of the wedding march the bridal party came down the stairway, led by the two little flower girls, Jean Clark and Betty Fleehart, who were dressed in dainty summer frocks. Clark Fleehart, the ring bearer, followed the flower girls, and carried the wedding ring in a large American Beauty rose. The bride was last in the procession and she looked beautiful in a white georgette gown, carrying a shower bouquet of bride's roses and orchids. They were met in the hallway by the bridegroom and the minister, the Rev. L. E. Brown. The simple ring ceremony was performed before an altar of ferns and summer flowers. "Believe Me If All Those Endearing Young Charms," was played by Mrs. Messick throughout the ceremony. Only the immediate family and relatives witnessed the ceremony.

Following the ceremony the guests were invited to the dining room where a delicious course luncheon was served. The bride's table was artistically decorated in yellow and white. Mr. and Mrs. Kirklin left immediately after the luncheon for Chicago on a few weeks' wedding trip after which they will be at home to their friends in this city, where Mr. Kirklin will assist in the management of Clark's mill.

Among the out-of-town guests present for the affair were Mr. and Mrs. John Kirklin, Dr. and Mrs. Byrl Kirklin and Mr. and Mrs. Ray Clark, all of Muncie; Mr. and Mrs. Arthur Saint of Newcastle and Mrs.

At the age of seventy nine years, eleven months and twenty six days, she departed this life July 5th, 1920. She was married to John R. Davison on the ninth of October 1858. To this union was born seven children: William C. Monte R. James T., Anna May, Shelby D., Rolla and Jessie all of whom are living excepting Jessie who died in infancy. She is also survived by seventeen grandchildren, eleven great grandchildren, and one great, great grandchild, also four brothers and one sister remain to mourn her loss.

Having been a widow for a number of years she was again married to Benjamin T. Marshall on May 5th 1904, he having preceded her to the better land about eleven years ago. She united with the Ben Davis Creek Christian Church in the year 1881. She had an unflinching faith in God, and in the closing days of a life of nearly four score years, gave evidence of an abiding faith in the precious promises of eternal life.

GREAT BRITAIN GAINS HER FIRST TOE-HOLD

Sir Thomas Lipton's Challenger Wins Initial Cup Race Due to Defender's Misfortune

AN ACCIDENT TO HER RIGGING

Sandy Hook, N. J., July 16.—Great Britain gained her first toe-hold in forty-nine years on the America's cup Friday evening when Sir Thomas Lipton's challenger, Shamrock IV won the first race of the 1920 regatta after the defender, Resolute, had been forced out of the running by an accident to her rigging.

The green challenger must win two more races out of a possible maximum of four if she is to achieve Sir Thomas Lipton's dream of taking the bottomless, pewter trophy back to Britain. Resolute must win three out of four to retain the cup which has been in possession of the New York Yacht Club since 1851. The second race will start at noon on Saturday.

Shamrock IV's victory was won in the face of what had seemed certain defeat. Resolute had taken the lead at the start and held it by an ever-widening margin until, as she swooped within half a mile of the turning mark, fifteen miles from the start, spectators on the great fleet of pleasure craft saw her great area of bellying canvas shiver and begin to sink, fluttering down her mast. A sudden gust had snapped her throat halyard and a second later the jaws of her gaff were shattered beyond repair.

For Biliousness

Sick Headache, Sour Stomach, Bloating, Gas, Constipation—all these distressing consequences of indigestion are avoided if the bowels are kept open and regular.

FOLEY CATHARTIC TABLETS act promptly, without pain or nausea. They clear the bowels, sweeten the stomach and tone up the liver.

E. R. Whitehurst, R.F.D. 1, Norfolk, Va.: "Foley Cathartic Tablets have done me more good than any medicine I ever used."

SHELBYVILLE BOYS FINED

Virgil Jones and Russell Len, two Shelbyville boys who were arrested yesterday in that city on charges of eluding a boarding house keeper, was brought here late in the afternoon, where each entered a plea of guilty and paid the fine of a dollar and costs. Settlement of the board bills was also made. The affidavits were filed by Mrs. Grant Hill of Carthage.

"I Have Gained Six Pounds By Taking Dreco"

Marion citizen had indigestion, dyspepsia, gas in his stomach; bowels constipated; no appetite for finest meal.

Two bottles of Dreco corrected these troubles, and now he feels 100% better, he says.

"I used to hate to sit down to the table, for even the best meal did not appeal to me. I didn't even want to look at food," declared Mr. Ralph Thomas, the popular auto mechanic who resides on South-Branson St., Marion, Ind. Mr. Thomas used to be in the taxi cab business, and is well known to many citizens in this city.

"What little food I did eat would disagree with me, giving me pains; turned to gas and made my stomach very uncomfortable. My bowels kept bound up all the time, so I had to take physies all the time. I often had headaches and my sleep was broken and failed to refresh me.

"Two bottles of Dreco have made me feel 100% better in every way. I have gained six pounds in weight; bowels act regular; have a big appetite and my stomach is able to digest food without forming gas or swelling up. Dreco is truly a remedy of merit, and I gladly tell people what it has done."

After taking Dreco it is noticed the bowels act regular every day; the stomach digests the food without leaving gas; the lazy liver becomes sound and refreshing. Dreco is pleasant to take and effects are prompt.

All good druggists now sell Dreco and it is being especially introduced in Rushville by F. B. Johnson & Co. (Adv.)

FT. WAYNE MAN HAS GAINED 20 POUNDS

Nerves Steady, Sleeps Sound And Has a Ravenous Appetite Since Taking Tanlac—Feels Like New Made Man.

Another Indiana man relates his remarkable experience with Tanlac. Walter N. Deihl, 1417 East Creighton street, Fort Wayne, a well known employe of the Wayne Oil Tank Company, declares that a few bottles of the medicine has put him in shape where he has actually gained twenty pounds in weight. But let Mr. Deihl tell his own story. Here is his statement:

"About six years ago I was operated on for gallstones and after getting up it seemed nearly everything was wrong with me. My stomach was out of order all the time, my appetite was about gone, and what little I did manage to eat always hurt me. I suffered from shortness of breath and any little exercise would tire me completely out and get my nerves so upset that I couldn't rest. My kidneys were in bad shape; I also had rheumatism, felt weak all the time and had no energy and while I took nearly everything I ever heard of nothing did me much good, if any.

"Then, about a year ago, while still in this run-down condition, the

"flu" came along and I was an easy victim. I was down in bed for several weeks and no hope was held out for my recovery. I certainly had a very close call and when I did finally get up, I was as weak as a baby and my stomach, kidneys and rheumatism in worse shape than ever. I kept reading and hearing about Tanlac and thinking it might possibly help me. I bought a bottle and before I had finished taking it there was a wonderful improvement in my feelings. Then I bought another, then another and kept getting better. Well, to put it all in as few words as possible, I have taken four bottles of Tanlac now and am just like a man made new. When I got on the scales the other day I found I had actually gained twenty pounds in weight. But I am not much surprised at this for I have been eating like a wolf and picking up ever since I finished my first bottle of Tanlac. My nerves are as strong and steady as ever and Tanlac has made such a wonderful change in me that I am glad of the opportunity to pass the good news along."

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, and in Carthage by Otto C. McCarty.—(Adv.)

INSTITUTE TO BE HELD AT WINONA

Christian Citizenship Conference to Attract Speaker of National Reputation

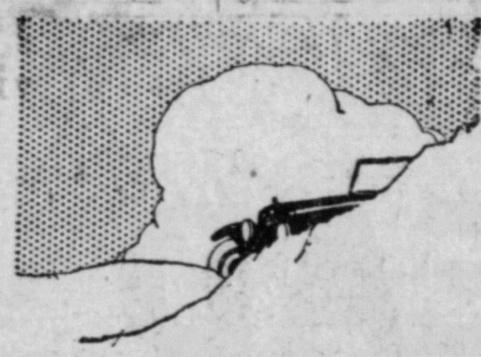

AUGUST 16 TO 19 IS THE DATE

Institute Will be Conducted Under Auspices of National Reform Association

The program for the sixteenth annual Christian Citizenship Institute, to be held at Winona Lake, Aug. 16 to 19, has just been announced. The Institute will be held under the auspices of the National Reform Association. It will be in session during the week that the "Billy" Sunday revival is held in the big new auditorium and Mr. Sunday is to be one of the speakers.

Many speakers of national prominence are on the program, including Dr. James S. Martin, general superintendent of the National Reform Association, of Pittsburgh, Pennsylvania, originator and director of the first, second, and third World's Christian Citizenship Conferences; Dr. James S. McGaw, general field secretary of the National Reform Association; Hon. Samuel Small; Hon. Clinton N. Howard, of Rochester, New York, who preached the funeral sermon of John Barleycorn at Washington, January 16th, 1920; Mrs. Laula Loveland Shepard, former president of the W. C. T. U. in Utah; Hon. Frank J. Cannon, former U. S. Senator from Utah.

Sen. Cannon and Mrs. Shepard will speak on "Mormonism". Dr. Martin's subjects will be "Christian Americanism", "Lax Marriage and Divorce Laws", "The Christian Sabbath", Dr. McGaw's subjects will be "The Highway to National Happiness", "Saving the Soul of America", "Bringing Up Sammie". Clinton N. Howard will speak on "The Test of Democracy", "The Dawn of a New Day", "The Most Momentous Events of the Century"; Sam Small will talk on "Unsettled Problems of the Present Day"; "Is Our Christian Civilization a Success?"; "America, the Moses Nation of the Age."

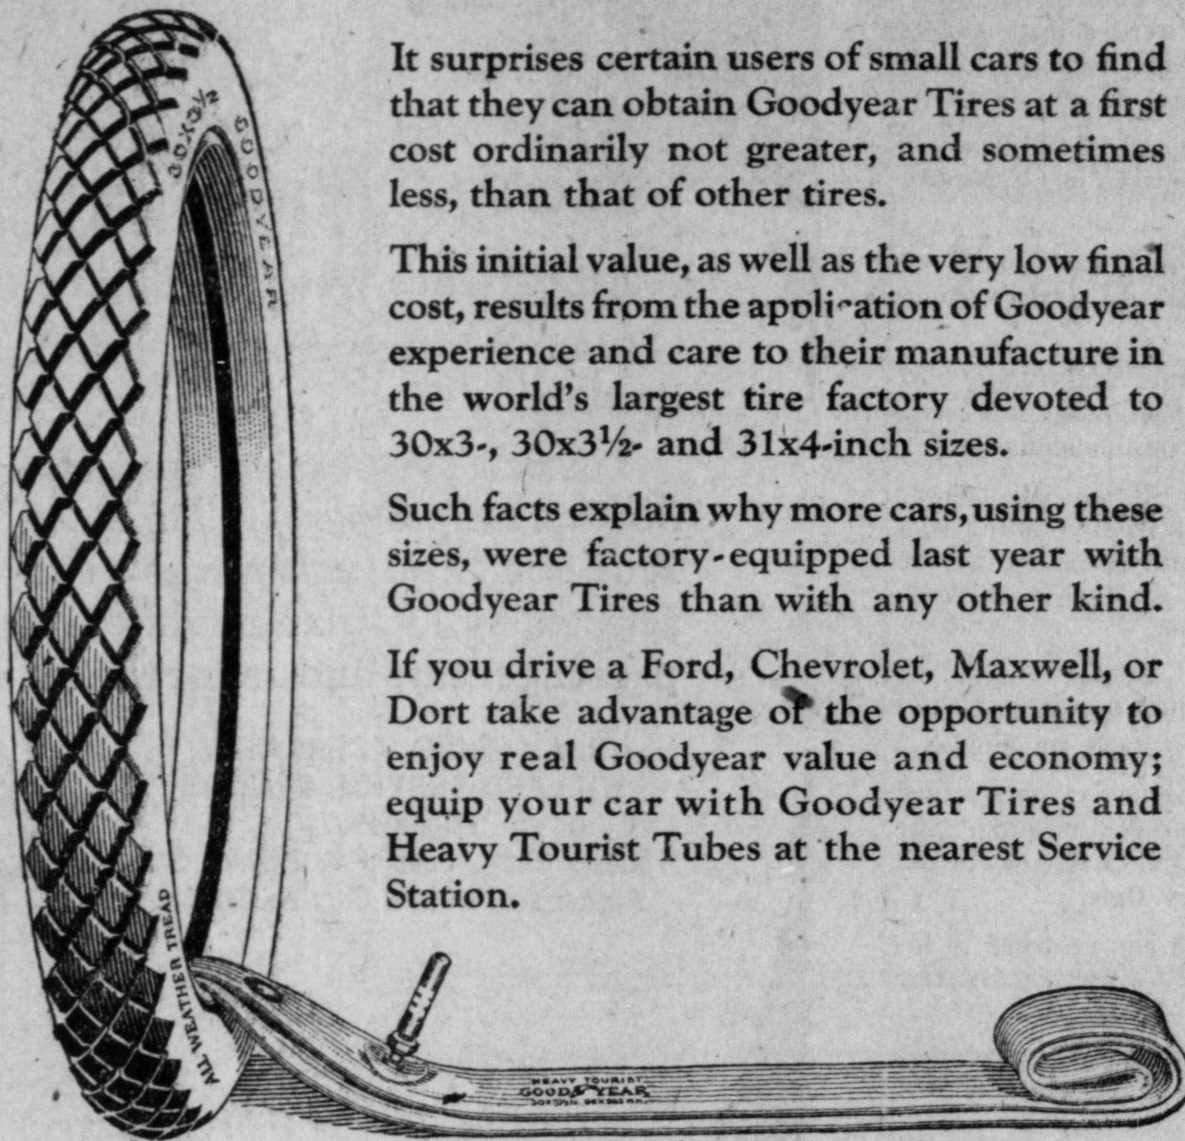

"THE best car of its class in the world" is not merely a nice-sounding phrase. It expresses a fact which is impressed upon us anew every day by the experiences of Hupmobile owners.

Ride on Goodyear Tires in That Sturdy Small Car of Yours

It surprises certain users of small cars to find that they can obtain Goodyear Tires at a first cost ordinarily not greater, and sometimes less, than that of other tires.

This initial value, as well as the very low final cost, results from the application of Goodyear experience and care to their manufacture in the world's largest tire factory devoted to 30x3-, 30x3½- and 31x4-inch sizes.

Such facts explain why more cars, using these sizes, were factory-equipped last year with Goodyear Tires than with any other kind.

If you drive a Ford, Chevrolet, Maxwell, or Dort take advantage of the opportunity to enjoy real Goodyear value and economy; equip your car with Goodyear Tires and Heavy Tourist Tubes at the nearest Service Station.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50
30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread... \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3½ size in waterproof bag... \$4.50

Our Free Service Checks Your Truck Costs

We will study your trucks, loads and routes to ascertain which type of Goodyear Truck Tire will serve you at the lowest cost per mile.

The selection of the right type of truck tire frequently means substantial reductions in tire costs and therefore in truck costs—particularly in truck repair bills.

Then we will submit a report containing our tire-equipment recommendations and detailing the various steps of the money-saving attention which we are prepared to give your tires and trucks while tires are being applied and after.

For example, it will explain how we inspect tires reg-

ularly and report on their condition, suggesting any treatment needed by injuries such as cuts, cracks and bruises. These, if neglected, develop quickly and frequently result in the failure of otherwise sound tires.

The submitting of this report will help you to find and stop leaks in your cartage expense account. It involves no obligation. Remember our facilities: a big hydraulic press, a well equipped workshop and plenty of parking space. Night or Sunday service by appointment.

"He profits most who serves best."

Money isn't everything. You can't take it with you. It won't buy a good night's sleep nor a happy laugh. There is hardly an automobile in the county that doesn't count a friend of our work. We are proud of that—more proud of our friends than others are of their dollars. We run our business in an old-fashioned, friendly spirit, with the desire to help make the tire game more enjoyable for us all. We could make more money by charging top prices and limiting our service to those who would gladly pay—but then we would lose several hundred good friends, and the increased profit would not compensate us for the loss of their good will.

So remember that we would rather have your good wishes—your good friendship—than the higher profits which would come from catering to the ready few.

If there is any good word you can say for us—say it. If there is any complaint—voice it. If there is any favor we can do for you—count it done.

THE NEW OVERLAND

On Triplex Springs nimbly glided over the nation's roughest roads has written a wonderful story of Stamina. The story began with the unprecedented pre-production test covering 250,000 miles of the wild country of the great Southwest. In its first eight months of service among 75,000 owners climax upon climax has been piled up in records of extraordinary performance.

The remarkable performance of the Overland is due largely to its jar-absorbing Triplex Springs, which prevent the usual pounding of rough roads from causing discomfort to passengers. They also reduce the stress and strain on motor and chassis, preserving the car for longer wear and reducing upkeep. The chassis itself of finest alloy steel adds to the stamina of the car as a whole.

The success of the Overland Triplex Springs has changed the attitude of thousands toward the light type of motor car. You cannot truly appreciate the comfort, economy and stamina of the new Overland until you have actually ridden in this car.

HOUSE APPROVES LEGALIZING BILL

Measure Offered Originally by Administration as Solution of Tax Muddle Passed Today.

FOLLOWS CAUCUS ACTION

W. R. Jinnett of Manilla, Representative From This County, Votes Against the Bill.

Indianapolis, Ind., July 16.—The administration bill legalizing horizontal increases in property valuation by the state tax board was approved by the house today by a vote of 63 to 30. It now goes to the senate for action by that body.

The increase was declared invalid by the Supreme court following a bitter legal battle recently.

While the house was passing the tax legislation, the senate struck out the enacting clause from Senator Hogsten's bill abolishing the public service commission, thus killing the measure.

Passage of the legalization bill by the house resulted from a caucus action of the members of the majority party. After six hours' session yesterday, lasting until 10:30 last night, the republican representatives recessed until today and a committee of 13, one representing each congressional district, reported back to the caucus today, recommending the passage of the administration bill.

There was some opposition in the republican ranks originally, and this continued through the caucus yesterday, but most of it faded away at today's meeting.

Those voting against the measure included: Bedaman of Terre Haute, Granson of Vincennes, Jinnett of Manilla, Lee of Shelbyville, O'Leary and O'Neil of Terre Haute, Smith of Princeton, and Walker of Geneva.

Seven were absent or not voting, including Hamilton of South Bend, and Munstermann of Evansville.

The bill as passed was virtually as introduced. There were minor amendments, none of which made any change to affect the intent of the bill.

Representative Ashby of Lawrenceburg denounced the administration in explaining why he voted against the bill.

Ashby declared that while the democrats were awaiting the arrival of republican representatives for a session last night, they appointed Representative O'Neal of Terre Haute to find where the majority members were. He declared that O'Neal returned in about an hour and reported the republicans caucusing in the supreme court chamber and that the key to the room was in the hands of Governor Goodrich. Ashby stated that the republicans were instructed to reach an agreement before adjourning for the night.

The senate recalled the institutional appropriation bill and added an appropriation of \$4,400 for repairs and maintenance of the soldiers' and sailors' monument. The bill was then referred to the special committee for final review, before returning it to the house.

Is a Surprise Here

Out of the jumble of bills, which have been introduced in the special session of the legislature, and the multiplicity of suggestions which have been made, Rushville men who have been following the tax situation were unable to predict today just what would be the outcome of the effort to correct the difficulty which arose when the supreme court held illegal the horizontal increases in the property valuations put on by the state tax board.

Passage of the bill legalizing the horizontal increases was a surprise here because it was generally believed that the house would adopt a substitute for this measure which was agreed on at a conference yesterday afternoon and was sponsored by the Indiana Federation of Farmers' Association.

This bill does not legalize the horizontal increases, but provides for special sessions of the county boards of review within thirty days after the enactment of the law to equalize assessments.

FALLS OFF A MOTOR TRUCK

Indiana State Library • file With Carrie Caldwell • file With Salvation Army Canvassers

Miss Carrie Caldwell, who is accompanying the motor truck canvassing the county this week for contributions to be sold for the Home Service Fund, fell off the truck yesterday and was severely injured. No bones were broken but she was so seriously hurt that she could not continue on the trip and was sent home on the train from Henderson.

The truck traveled west today and solicited farmers in the vicinity of Arlington. No trip will be made tomorrow, but on Monday solicitations will be made in the northern part of the county in the Mays and Dunreith neighborhood, and on Tuesday in the vicinity of Manilla.

TOLD FRIENDS HE WAS LEAVING FOR ALL TIME

Ernest (Doc) Kinsley Departed Monday, Leading Wife to Believe He Was Going Fishing

CHECKED MONEY FROM BANK

Ernest Kinsley, known as "Doc" Kinsley, who has been employed for some time at the Arcade pool room suddenly disappeared Monday night and has not been seen nor heard from by his wife, who says that the last she saw of him was in the afternoon, when he left their house on his bicycle with his fishing tackle, presumably going on a fishing trip. Mrs. Kinsley later in the night made investigations and learned from some of Mr. Kinsley's friends that he had planned to leave the city, going to parts unknown, and had used those methods in escaping from his wife.

It is said that Mr. Kinsley withdrew all of his money from the bank with the exception of a small amount which he left for his wife. He left no note, but told several of his friends that he wanted to leave here, and told them to tell Mrs. Kinsley about it, when she made inquiries.

GLENWOOD REVIVAL ENDS

Series of Meetings Successful—New Parsonage Being Built

The series of meetings being held at the Glenwood Christian church closed last evening, with very successful results. The meetings were in charge of the Rev. G. H. Lawton, pastor of the Arlington Christian church. A number of new members were added to the church and nine were baptized yesterday at Gray's Falls.

The new Christian parsonage being built at Arlington, is expected to be completed in about three weeks. The dedication services will be performed upon completion, the exact date to be announced at the Sunday services. The building is being built on the bungalow style and is finished on the outside with kellestone and brick, and will have all the modern conveniences.

QUARTERLY CONFERENCE

The fourth quarterly conference and business session of the St. Paul's Methodist Episcopal church will be held this evening in the church parlors at 7:30 o'clock with the Rev. J. M. Walker, D. D. superintendent, presiding. A full report of the year's work will be received from all departments of the church. All of the official members are expected to attend and others who are interested will be welcome.

ATTACKED BEFORE MURDER

New London, Connecticut, July 16.—Mrs. Florence DeCourdova, wife of a wealthy New York broker who was slain by her chauffeur, Bernard Geisler, near here, was brutally attacked before she was killed, authorities said today. Marks were found on her throat indicating she had been choked until unconscious.

GERMAN DELEGATION DISAGREES OVER ANSWER TO ALLIED ULTIMATUM

Request That Meeting Scheduled For 11 A. M. Be Postponed Until 4 P. M. Granted

DISTRIBUTION IS AGREED ON

German Reparation Payments Will be Divided Among Allies as Recently Decided

(By United Press.)

Spa, Belgium, July 16.—Distribution of the German reparation payments among the allies was agreed upon at a meeting of allied leaders today.

The percentages to go to the various countries were not announced, although it was believed they would be substantiated as previously decided.

As a result of a disagreement among themselves the German delegation sent Herr Simons, secretary

to Premier Millerand with a request that the convention scheduled for 11 a. m. be postponed until 4 p. m. this afternoon. The German request was granted.

It was reported that the German minister of economics had threatened to resign if the German delegation signed the allied coal ultimatum.

He was understood to have protested the inability to meet the situation resulting from the taking of of two million tons of coal from the German mines.

The German delegation held a conference this morning to discuss the answer to the allied coal ultimatum. Simons, German foreign minister, told the committee after the meeting he believed an agreement with the allies should be reached.

The allies have met us half way, he declared, and believed they were close enough together now "to enable us to reach an agreement."

WILL ANNOUNCE RAIL WAGE AWARD TUESDAY

United States Labor Board Agrees on Increases, One Member States Today

EXPECT EMPLOYEES TO ACCEPT

(By United Press.)

Chicago, Ill., July 16.—The United States railroad labor board will announce its awards on the demand of two million railroad workers for annual billion dollar wage increase at 11:30 next Tuesday morning. G. W. Hanzar, board member, announced today.

The board, it was learned, has practically agreed on increases to be awarded and believed they will be accepted by the employees.

The announcement of the awards will be made in conformity with the statement of the board several weeks ago that it would render a decision on or before July 20.

It was announced then to avert a threatened general railroad strike. Board members refused to discuss the details of the awards to be made. The railroad labor chiefs will meet here Monday to be at hand when the awards are announced so that they can decide immediately whether they are satisfactory.

AUSTRO-HUNGARIAN TREATY IS EFFECTIVE

Final Exchange of Ratification Takes Place at St. Germain With Formal Ceremony

RELATIONS TO BE RESUMED

(By United Press.)

Paris, July 16.—The Austro-Hungarian peace treaty became effective today with final exchange of ratification.

The exchange of ratification took place in the cloak room of the building at St. Germain, where the treaty was originally signed by the Austro-German delegates.

Jules Cambon of France presided and he announced that this exchange of ratification permitted an immediate resumption of relations between Austria and allied countries.

Herr Eichhoff replied, thanking Cambon and declared today that it would mark the beginning of Austrian people rejuvenating from the ruins of the war. He said that every effort will be made to fulfill all treaty obligations.

CHAIN OF AUTO THIEVES WILL BE INVESTIGATED

Federal Grand Jury Will Take up Alleged Conspiracy Gang Operating in Three States

ONE MEMBER HAS CONFESSED

(By United Press.)

Indianapolis, Ind., July 16.—When the federal grand jury convenes within two months, it will investigate reports of a gigantic automobile stealing conspiracy said to cover Indiana, Ohio, and Kentucky, according to present plans. Fred Van Nuys, U. S. district attorney, asserted in open court that young men employed in the business steal cars in Indianapolis drive them to Cincinnati, sell them there, steal a Cincinnati car and drive back to Indianapolis and sell the car here.

Other cities mentioned in connection with the alleged scheme were Terre Haute, Louisville, Akron and Columbus. United States authorities have been investigating the thefts, it was learned. The rendezvous of many of the conspirators have been located.

Authorities have the alleged confessions of George Hodges, now in prison at Atlanta, for stealing automobiles.

LOS ANGELES VISITED BY EARTHQUAKE TODAY

Buildings Are Rocked and People Rush to Streets When Violent Shock Is Felt

IS FOLLOWED BY TREMORS

(By United Press.)

Los Angeles, Calif., July 16.—Buildings in Los Angeles were rocked violently at 10:11 a. m. today by an earthquake shock.

The quake appeared to be one sudden violent shock followed by several tremors.

People rushed to the streets from the stores and offices in the downtown district but it appeared there was no real panic. It was feared that some damage had been done.

Early reports indicated the quake centered in or near the city of Los Angeles. At beach cities, particularly Long Beach, it was said the quake was not violent but was sufficiently strong to rattle windows. The telephone service was partially demoralized for 10 minutes.

NEUVO LAREDO ATTACKED

San Antonio, Texas, July 16.—Neuvo Laredo, important Mexican state capital across the Rio Grande, was attacked by rebel forces under Ricardo Gonzales, according to advices received here. The attacking forces were reported numbering between 300 and 500 and the federal garrison 30 Indians and 50 guards.

JAMES TEETERS RELEASED

Fine of One Boy Arrested For Vagrancy Stayed by Business Man

James Teeters, one of the three boys who were arrested recently, and charged with vagrancy, was released from jail this morning, when a local business man stayed his fine of ten dollars and costs. The local man immediately sent Teeters to his farm, where that class of labor is in need. Land, the other boy arrested at the same time, is being held in jail, as the affidavit was filed by his father, setting forth that he had not contributed enough money for their support. William Hendricks the third boy arrested, was released from jail yesterday, it will be recalled, when he paid a fine of a dollar and costs.

TWENTY KNIGHTS TO ATTEND ENCAMPMENT

Approximately A Dozen Will Go On Special Train and Remainder Will Motor to Cleveland

SPECIAL RATE IS ALLOWED

Approximately twenty members of the Uniform Rank, Knights of Pythias, of this city plan to attend the national encampment at Cleveland the week of July 26, it was learned at a meeting last night called for the purpose of arranging for the trip. About a dozen members will travel on the Indiana special, which leaves Indianapolis over the Big Four at 9 a. m. Sunday, July 25, and the remainder will go in automobiles.

The Big Four has allowed a rate of one and one-third fare for the round trip, but it will be necessary for each Knight to have an identification slip showing he is a member of the Uniform Rank before the rate will be granted. Capt. George Coons of the local company has these slips.

This is the fourteenth encampment held by the K. of P., the first one being held at Toronto, Canada, in 1886. Since then the encampments have been held every two years. Since the year 1886 the encampment has been held at Toronto, Cincinnati, Detroit, Kansas City, San Francisco, Indianapolis, Terre Haute, Washington, D. C., New Orleans, Louisville, Ky., Boston and twice at Milwaukee.

BROKE LOCK ON BARN DOOR

"John Doe" Pays Fine For Malicious Trespass Before Squire

A man giving his name as "John Doe" was fined a dollar and costs this morning in Squire Stech's court on a charge of malicious trespass. Filed by Levi Crull, owner of a local feed stable. For a time this morning, Mr. Crull thought that someone had stolen five head of horses, when he found the door of a barn open, and the lock destroyed. The "John Doe" came here last night with five head of horses and placed them in the barn, and early this morning shipped them to Indianapolis by motor truck, and tore the lock off the door in order to get them out. Mr. Crull notified Sheriff Jones, after he found the horses were gone, and an investigation revealed that the man had forced the door open, and the charges were filed against him.

REUNION SET FOR SUNDAY

The annual reunion of the Rush-Fayette county association will be held Sunday in the Brookside Park, Indianapolis. It will be an all day meeting with a basket dinner at noon. Fred Van Nuys, United States district attorney, will deliver the principal address in the afternoon and Frank Houston of Indianapolis will have charge of the musical program. All residents of the two counties are cordially invited to attend this meeting.

RADICAL CHANGE IN ELECTION LAW

Amendment Passed by Senate Designed to Provide Additional Facilities For Voting

TO CARE FOR WOMEN VOTERS

Amendment to Registration Law Also Passed by Senate Includes New Provisions

Radical changes will be made in the election laws by an amendment bill which was passed by the senate in the special session of the legislature last night and which will be passed by the house and signed by the governor, in all probability, because it is a bi partisan measure which has the approval of the leaders of both parties.

The bill includes the matter contained in eight administration election law bills designed to provide additional facilities necessary as a result of suffrage.

Under the provisions of the measure election officials will be paid a lump sum for their services instead of receiving compensation by the day. The measure provides for two assistant clerks in each polling place and also admits of changes in precinct boundaries by county commissioners as late as Aug. 8. Regulations for the preservation of ballots are provided and absent voters are permitted to mark their ballots with a black pencil or with ink instead of with a blue pencil as at present.

The amendment to the registration law, which was also agreed upon by the bipartisan committee of the senate, was passed under suspension of the rules at the night session.

The measure provides that registration places shall be open from 8 a. m. to 9 p. m. and that any voter can register on blanks that will be provided without going in person to the registration place.

Voters will have two opportunities to register, first on Sept. 4, and again on Oct. 4. Those who fail to register on one of those two days will be out of luck on the first Tuesday in November and will have no chance to exercise "self determination" in the matter of a president of the United States and a governor of the state.

It is the belief at the state headquarters of the two parties that it will be easier to get women registered than men. The novelty of voting, it is believed by party chiefs, will appeal to women strong enough to cause them to register without solicitation. All women have not been keenly interested in the suffrage movement, but now that suffrage is a fact, it is believed they will not hesitate to exercise the privilege or right, whichever it is, to cast their ballots.

Legislation is pending in the present session of the General Assembly to provide for permanent registration, making registration unnecessary hereafter except by voters who change precincts between elections. This legislation will not apply to this election, so a complete new registration must be made this fall.

NO IMPROVEMENTS MADE

George Harrell, who was sued yesterday by E. B. Poundstone, for possession of the business room in North Morgan street, and \$50 for retention of the same, denied today that Mr. Poundstone had made any improvements to the building, as alleged in the complaint. He further said that he had received the proper notice to vacate and that he would not pay the increased rent because the improvements were not made.

WINS \$75 PRIZE MONEY

Frank B. Lyons, a former Rushville boy, and son of Mr. and Mrs. Charles Lyons of this city, won a prize for a best decorated float in a Fourth of July parade in Clintonville, Wis., where he is employed. Mr. Lyons is engaged in business in that city, and is said to have presented a wonderfully decorated automobile that won prize of the day.

Evansville Young Man Toned Himself Up To Equal His Task by Taking Trutona

Evansville, Ind., July 14—Edward C. Pfiffer Jr., an Evansville young man who lives at 930 West Michigan Street, realizing that he was not the equal of his position in health, recently began using Trutona. Regarding the benefits he has gained, he says:

"My stomach had been out of shape for some time and my system generally was run-down. I had that tired listless feeling all the time—just seemed to have no 'pep' at all. I can't really express how 'tough' I felt when I began taking Trutona."

But I do know that Trutona has rid me of my stomach trouble. I can eat anything now and it doesn't sour in my stomach, and the dull pains in my limbs and joints have disappeared. I feel 100 per cent improved, in every way, since taking the Perfect Tonic. I have the 'pep' now, that I lacked before, and I feel equal to my job nowadays. I'm glad to recommend Trutona."

Trutona is really a medicine of unusual merit. It is unsurpassed as a reconstructive agency, system purifier and body invigorant. Trutona has been declared peerless as a treatment for stomach, liver and bowel troubles.

Trutona is sold in Rushville at Hargrove and Mullin's Drug Store. —(Adv.)

TAIL LIGHTS HAVE HEAVY SLUGGERS

Manager Gives Out Batting Average of Nine Players With Highest .368 and Lowest .117 Percent

BIG GAME ON SUNDAY

The Rushville Tail Lights have several players that are in the class of "sluggers," according to a table of averages given out by Manager Conway. F. Joyce tops the list with an average of .368 percent, securing 7 hits at 19 times at bat. Nine players are listed by the manager, who have participated in four or more games, and all of their averages are above the 100 per cent mark.

The Tail Lights will play the American Railways Express team from Indianapolis Sunday and a big crowd is expected to be on hand. The visiting team comes here highly reputed to be one of the fastest semi-professional teams in Indianapolis.

Following is the averages of the nine players:

Player	AB	H	Ave.
F. Joyce	19	7	.368
G. Bennett	39	14	.359
Conway	38	12	.311
A. Joyce	41	12	.293
Smith	37	10	.270
Pearsey	14	3	.214

W. Bennett	12	2	.167
Byrne	17	2	.117

AMUSEMENTS

Picture is Repeated Tonight
"The Deemster", which was presented at the Mystic theatre here a few weeks ago, will be shown again tonight, as the manager had received numerous requests from people who saw the picture, that he decided that it should be repeated here for another showing. The picture is said to be one of the best Caine productions, with the son of the author in the leading role. Derwent Hall Caine takes the leading part, and is known as England's foremost tragedian.

"The Thunderbolt" at Princess
The Princess theatre offers tonight, "The Thunderbolt", featuring Katherine MacDonald and Thomas Meighen, which is said to be a romance of the strangest marriage on record. An Al St. John comedy will also be on the program tonight. The program tomorrow will be D. W. Griffith's picture, "Scarlet Days."

"Gas" From Sugar

The motor fuel of the future is to be grown, not mined. This might be inferred merely from the known fact that the petroleum supply is limited, and is being used up very rapidly. It is made more of a practical certainty by the announcement that a chemist for a large sugar plantation in Hawaii has succeeded in making an excellent motor fuel out of sugar—or rather, out of the molasses, the crude material from which sugar is refined. It is a "motor alcohol" which is said to have more power than gasoline. Like other forms of alcohol, it burns more cleanly than gasoline or kerosene. If it is really more powerful than these fuels, it is thus doubly preferable to them, provided it does not cost too much.

Wood alcohol, made of wood, woody fibre or other substances containing cellulose, has heretofore been considered the only practical possibility in the way of an alcoholic motor fuel. Grain alcohol has been considered prohibitively expensive. There is no reason why sugar should not be used, whether obtained from cane, beets, mangoes or other sugar-producing fruits and vegetables, or cereals and vegetables containing starch, which substance is convertible into sugar and hence into alcohol. Sugar is composed mainly of carbon, like petroleum, coal, peat and wood. And though it may sound absurd when the world is suffering from so great a sugar scarcity, scientists say that there will be no trouble in producing enough sugar to supply the fuel requirements of gas engines in the future, when once the new industry is established and the market created. It is a cheerful reminder, to pessimists who are forever corking about the failure of this or that resource, that civilization has a way of discovering new resources, or creating new ones, about as fast as it needs them. When gasoline gives out we shall undoubtedly have something just as good, and probably cheaper and better.

Harding is Determined

Some opposition continue to be heard against Senator Harding's announced determination to conduct his campaign from the front porch of his Marion home. But the Senator has reiterated several times that he will not depart from the resolve that he made soon after the nomination. Experience will demonstrate that his determination is the sound one. The country is heartily tired of the wild scramble for public support such as marked the last active weeks of Mr. Wilson, and that was resorted to again and again by himself and his cabinet in his two campaigns and at other times. Conservatism is what the nation wants, not only in the conduct of the government but in the conduct of the nominee himself, both before and after his entrance into the White House. Senator Har-

New Nash Four

Unusually Flexible and Free From Vibration

Two important features which always have characterized Nash products are incorporated efficiently in the new Nash Four to be built in Milwaukee. These points are unusual flexibility and freedom from vibration.

While no announcement has been made as to just when the Nash Four will be in production, it is known that the Milwaukee plant of The Nash Motors Company, in the face of the present material situation, is making progress and that cars will be ready for delivery to dealers some time before winter sets in.

The Nash Four, equipped with the deep breathing Nash perfected valve-in-head motor, has power, pick-up and flexibility beyond the ordinary. Tests have shown that in congested traffic it moves along in "high" or gets away quickly when occasion demands, always—instantly responsive to the driver's will.

Being low hung upon unusually long springs it has a low center of gravity and so holds the road at all speeds without sideways, making comfortable riding and easy steering qualities. All controls are so placed that the hands and feet fall naturally into driving position. The clutch and brake pedals and the control and emergency levers bear out the feature of flexibility further by lending themselves to exceptionally easy operation.

Nash engineering furthermore has made the Nash Four unusually free from vibration. The door supports are built permanently into the car, and assure a minimum of vibration to the body, and a well thought out and carefully balanced construction has made the motor vibration practically negligible.

One of the chief factors in keeping this vibration to a minimum is the big inherently counter balanced crankshaft. As in the construction of the Nash Six motor each crankshaft is tested on a machine which registers even the slightest inaccuracy. This insures minimum vibration as well as increased power.

Prayer meeting, Thursday evening, 7:30 p. m. a cordial welcome is extended to all.

—Arlington Methodist Bible school at 9:30 a. m.; preaching by the pastor at 10:30 a. m. and 8:00 p. m. Senior Boy Scouts League at 7:30 p. m. Prayer meeting Thursday evening. The last quarterly meeting for this conference year will be held by the district superintendent, J. M. Walker, July 25 at 8:00 p. m. and July 26 at 9 a. m. A special called meeting will be held at the Franklin church at 3 p. m. next Sunday.

—At the First United Presbyterian church, the Bible school will meet at 9:30. There will be public worship at 10:45. Sermon subject, "The Human Nature of Jesus Christ." The young people will meet in the evening at 6:30. At 7:30 the congregation will join in the union service in the Main Street Christian church. In this service the sermon will be delivered by the Rev. J. M. Walker, D. D. All are cordially invited to these services.

—The Bible school period of the unified service of the Main Street Christian church commences at 9:30.

At 10:30 the pastor will speak on "True Friends and Friendship." At 7:30 the union service will be held in this church with the Rev. J. M. Walker, district superintendent of the M. E. church as the preacher. This will be a fine opportunity for all Rushville people to extend to Dr. Walker a welcome to this city as a resident. Prayer meeting service Thursday 7:30.

—Services at St. Mary's Catholic church Sunday are as follows: Communion at six o'clock; Low Mass at 7; High Mass 9:15.

Ford
THE UNIVERSAL CAR

Fordson Farm Tractor

There is only one model of the Fordson tractor. Henry Ford knows the wisdom of concentrating every energy on one model; his genius has been centered on building just one compact, easily operated tractor—a tractor useful on small farms or large farms, field work or belt work—and that will cost the least to maintain and operate.

Henry Ford & Son have specialized—they have made one tractor and made it well. That means lower manufacturing costs and a lower selling price for tractor or tractor parts, and a most serviceable, reliable tractor.

It means that the Fordson dealer is able to carry a goodly stock of tractor parts, and that he can give prompt, efficient service to the Fordson farmer. The Fordson, like the Ford car, is a utility for use during the entire year.

The demand for Fordsons is far greater than present production. Place your order now—if you delay, you may not be able to get your tractor when you want it. Order now—it is your protection.

SOCIETY

The Mahoning Council No. 36 will have their regular meeting at the Red Men's hall this evening. All members are requested to be present as there will be installation of officers.

Mrs. J. M. Amos was hostess for the members of the Happy-Go-Lucky club yesterday afternoon at her home south of the city. Fourteen guests were present, among whom were Mrs. John Blackledge and Mrs. G. D. Nicolls of Springfield, Ohio. Dainty refreshments were enjoyed during the social afternoon.

Mrs. Harvey Arnold delightfully entertained the members of the P. A. C. club of Palmouth yesterday afternoon at her home near there. During the business session officers were elected for the coming year, after which a social hour was enjoyed with the serving of refreshments. Nine members and two guests, Miss Velma McClure and Miss Margaret

Stevens, of Richmond were present for the meeting. The next meeting will be held in two weeks with Mrs. Freda Saxton.

Twenty-six members and six visitors were present for the meeting of the Industrial Club held at the home of Mrs. Malinda Young in West Seventh street yesterday afternoon. The assisting hostesses were Mrs. Siders, Mrs. Morgan and Mrs. Wolverton. Following the business meeting a literary program, consisting of readings, musical selections and solos, was given. The next meeting will be held at the home of Mrs. Linda Wachendorf in East Eleventh street and she will be assisted by Mrs. Lillian Jones, Mrs. Fletcher and Mrs. Pearl Dye.

A very pleasant affair took place yesterday at the old Abernathy-Nixon homestead near Palmouth when a family reunion was held. The fiftieth birthday anniversary of Omer Pierson was celebrated and Mrs. Lillie Armstrong of Jackson, Mo., and Mrs. Jane Nixon were the honored guests. A very delicious and bountiful pitch-in dinner was served at noon and in the evening. The guests were Mrs. Lillie Armstrong, Mrs. Ida Lee of Rushville, Mr. and Mrs. Bert Miles of Palmouth, Mrs. Will Cole and family, Mrs. Melvin Cole, Mrs. Frank Kirkham and family of near Palmouth, Mr. and Mrs. Henry Schrader, Mrs. Richard Abernathy, Miss Irene Ab-

ernathy, and Mrs. A. M. Newhouse, all of Rushville, Mrs. Frances Strange of Hot Springs, Ark., and Marie Pierson.

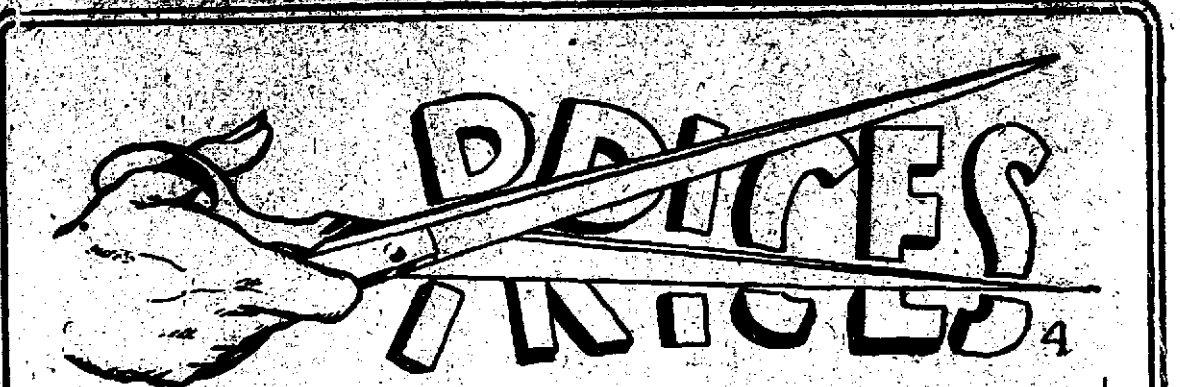

One of the most popular nuptial events of the season took place at the home of Mr. and Mrs. C. G. Clark in North Sexton street yesterday afternoon at four o'clock, when their daughter, Miss Jeannette Clark, was united in marriage to Floyd Kirklin, son of Mr. and Mrs. John Kirklin of Muncie.

The home was beautifully decorated for the occasion with ferns and summer flowers, the predominating color scheme being yellow and white. Before the ceremony Miss Marjory Clark, sister of the bride, sang "Because," being accompanied on the piano by Mrs. Allen Messick of Marion, Ind., formerly Miss Louise Craig of this city.

To the strains of the wedding march the bridal party came down the stairway, led by the two little flower girls, Jean Clark and Betty Fleebart, who were dressed in dainty summer frocks. Clark Fleebart, the ring bearer, followed the flower girls, and carried the wedding ring in a large American Beauty rose. The bride was last in the procession and she looked beautiful in a white georgette gown, carrying a shower bouquet of bride's roses and orchids. They were met in the hallway by the bridegroom and the minister, the Rev. E. E. Brown. The simple ring ceremony was performed before an altar of ferns and summer flowers. "Believe Me If All Those Endearing Young Charms," was played by Mrs. Messick throughout the ceremony. Only the immediate family and relatives witnessed the ceremony.

Following the ceremony the guests were invited to the dining room where a delicious course luncheon was served. The bride's table was artistically decorated in yellow and white. Mr. and Mrs. Kirklin left immediately after the luncheon for Chicago on a few weeks wedding trip after which they will be at home to their friends in this city, where Mr. Kirklin will assist in the management of Clark's mill.

Among the out-of-town guests present for the affair were Mr. and Mrs. John Kirklin, Dr. and Mrs. Byrd Kirklin and Mr. and Mrs. Ray Clark, all of Muncie; Mr. and Mrs. Arthur Saint of Newcastle and Mrs.

At the age of seventy nine years, eleven months, and twenty six days, she departed this life July 5th, 1920. She was married to John R. Davison on the ninth of October 1858. To this union was born seven children: William C. Monte R. James T. Anna May, Shelby D. Rolla and Jessie all of whom are living excepting Jessie who died in infancy. She is also survived by seventeen grandchildren, eleven great grandchildren, and one great, great grandchild, also four brothers and one sister remain to mourn her loss.

Having been a widow for a number of years she was again married to Benjamin T. Marshall on May 5th 1904, he having preceded her to the better land about eleven years ago. She united with the Rev. Davis Creek Christian Church in the year 1881. She had an unflinching faith in God, and in the closing days of a life of nearly four score years, gave evidence of an abiding faith in the precious promises of eternal life.

GREAT BRITAIN GAINS HER FIRST TOE-HOLD

Sir Thomas Lipton's Challenger Wins Initial Cup Race Due to Defender's Misfortune

AN ACCIDENT TO HER RIGGING

Sandy Hook, N. J., July 16.—Great Britain gained her first toe-hold in forty-nine years on the America's cup Friday evening when Sir Thomas Lipton's challenger, Shamrock IV won the first race of the 1920 regatta after the defender, Resolute, had been forced out of the running by an accident to her rigging.

The green challenger must win two more races out of a possible maximum of four if she is to achieve Sir Thomas Lipton's dream of taking the bottomless, pewter trophy back to Britain. Resolute must win three out of four to retain the cup which has been in possession of the New York Yacht Club since 1851. The second race will start at noon on Saturday.

Shamrock IV's victory was won in the face of what had seemed certain defeat. Resolute had taken the lead at the start and held it by an ever-widening margin until, as she swooped within half a mile of the turning mark, fifteen miles from the start, spectators on the great fleet of pleasure craft saw her great area of bellying canvas shiver and begin to sink, fluttering down her mast. A sudden gust had snapped her throat halyard and a second later the jaws of her gaff were shattered beyond repair.

SHELBYVILLE BOYS FINED

Virgil Jones and Russell Lea, two Shelbyville boys who were arrested yesterday in that city on charges of eluding a boarding house keeper, was brought here late in the afternoon, where each entered a plea of guilty and paid the fine of a dollar and costs. Settlement of the board bills was also made. The affidavits were filed by Mrs. Grant Hill of Carthage.

"I Have Gained Six Pounds By Taking Dreco"

Marion citizen had indigestion, dyspepsia, gas in his stomach; bowels constipated; no appetite for finest meal.

Two bottles of Dreco corrected these troubles, and now he feels 100% better, he says.

"I used to hate to sit down to the table, for even the best meal did not appeal to me. I didn't even want to look at food," declared Mr. Bahrt Thomas, the popular auto mechanic who resides on South Branson St., Marion, Ind. Mr. Thomas used to be in the taxi cab business, and is well known to many citizens in this city.

"What little food I did eat would disagree with me, giving me pains; turned to gas and made my stomach very uncomfortable. My bowels kept bound up all the time, so I had to take physics all the time. I often had headaches and my sleep was broken and failed to refresh me."

"Two bottles of Dreco have made me feel 100% better in every way. I have gained six pounds in weight; bowels act regular; have a big appetite and my stomach is able to digest food without forming gas or swelling up. Dreco is truly a remedy of merit, and I gladly tell people what it has done."

After taking Dreco, it is noticed the bowels act regular every day; the stomach digests the food without leaving gas; the liver becomes sound and refreshing. Dreco is pleasant to take and effects are prompt.

All good druggists now sell Dreco and it is being especially introduced in Rushville by F. B. Johnson & Co. (Ad.)

FT. WAYNE MAN HAS GAINED 20 POUNDS

Nerves Steady, Sleeps Sound And Has a Ravenous Appetite Since Taking Tanlac—Feels Like New Made Man.

Another Indiana man relates his remarkable experience with Tanlac. Walter N. Diehl, 1417 East Creighton street, Fort Wayne, a well known employe of the Wayne Oil Tank Company, declares that a few bottles of the medicine has put him in shape where he has actually gained twenty pounds in weight. But let Mr. Diehl tell his own story. Here is his statement:

"About six years ago I was operated on for gallstones and after getting up it seemed nearly everything was wrong with me. My stomach was out of order all the time, my appetite was about gone, and what little I did manage to eat always hurt me. I suffered from shortness of breath and any little exercise would tire me completely out and get my nerves so upset that I couldn't rest. My kidneys were in bad shape; I also had rheumatism, felt weak all the time and had no energy and while I took nearly everything I ever heard of nothing did me much good, if any.

INSTITUTE TO BE HELD AT WINONA

Christian Citizenship Conference to Attract Speaker of National Reputation

AUGUST 18 TO 19 IS THE DATE

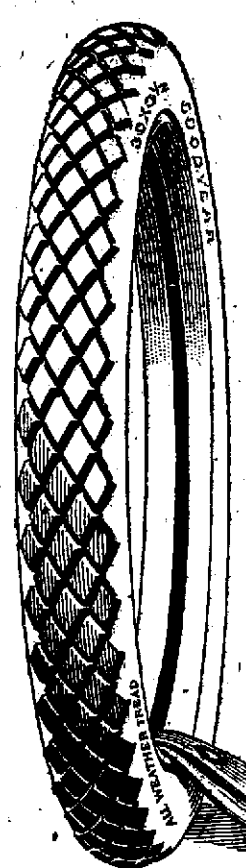

Institute Will be Conducted Under Auspices of National Reform Association

The program for the sixteenth annual Christian Citizenship Institute, to be held at Winona Lake, Aug. 18 to 19, has just been announced. The Institute will be held under the auspices of the National Reform Association. It will be in session during the week that the "Billy" Sunday revival is held in the big new auditorium and Mr. Sunday is to be one of the speakers.

Many speakers of national prominence are on the program, including Dr. James S. Martin, general superintendent of the National Reform Association, of Pittsburg, Pennsylvania, originator and director of the first, second, and third World's Christian Citizenship Conferences; Dr. James S. McGaw, general field secretary of the National Reform Association; Hon. Samuel Small; Hon. Clinton N. Howard, of Rochester, New York, who preached the funeral sermon of John Barleycorn at Washington, January 16th, 1920; Mrs. Lula Loveland Shepard, former president of the W. C. T. U. in Utah; Hon. Frank J. Cannon, former U. S. Senator from Utah.

Sen. Cannon and Mrs. Shepard will speak on "Mormonism". Dr. Martin's subjects will be "Christian Americanism", "Lax Marriage and Divorce Laws", "The Christian Sabbath". Dr. McGaw's subjects will be "The Highway to National Happiness", "Saving the Soul of America", "Bringing Up Sammie". Clinton N. Howard will speak on "The Test of Democracy", "The Dawn of a New Day", "The Most Momentous Events of the Century"; Sam Small will talk on "Unsettled Problems of the Present Day"; "Is Our Christian Civilization a Success?"; "America, the Moses Nation of the Age."

Ride on Goodyear Tires in That Sturdy Small Car of Yours

It surprises certain users of small cars to find that they can obtain Goodyear Tires at a first cost ordinarily not greater, and sometimes less, than that of other tires.

This initial value, as well as the very low final cost, results from the application of Goodyear experience and care to their manufacture in the world's largest tire factory devoted to 30x3-, 30x3½- and 31x4-inch sizes.

Such facts explain why more cars, using these sizes, were factory-equipped last year with Goodyear Tires than with any other kind.

If you drive a Ford, Chevrolet, Maxwell, or Dort take advantage of the opportunity to enjoy real Goodyear value and economy; equip your car with Goodyear Tires and Heavy Tourist Tubes at the nearest Service Station.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly castings when such sure protection is available? 30 x 3½ size \$4.50 in waterproof bag

IT WILL HAVE BEEN 15 YEARS SINCE WE OPENED OUR LITTLE STORE IN RUSHVILLE.

In that time we have seen a complete change in the personnel of the grocery business, not a firm remains the same and only two men are in the business that were in it at that time. Through all these years we have been growing and today the volume of our business is greater than ever before. The fact that we have grown and are still growing is the best argument we have to offer in asking for your patronage. Folks don't continue to patronize a store that does not give them a square deal.

Our Free Service Checks Your Truck Costs

We will study your trucks, loads and routes to ascertain which type of Goodyear Truck Tire will serve you at the lowest cost per mile.

The selection of the right type of truck tire frequently means substantial reductions in tire costs and therefore in truck costs—particularly in truck repair bills.

Then we will submit a report containing our tire-equipment recommendations and detailing the various steps of the money-saving attention which we are prepared to give your tires and trucks while tires are being applied and after.

For example, it will explain how we inspect tires reg-

ularly and report on their condition, suggesting any treatment needed by injuries such as cuts, cracks and bruises. These, if neglected, develop quickly and frequently result in the failure of otherwise sound tires.

The submitting of this report will help you to find and stop leaks in your cartage expense account. It involves no obligation. Remember our facilities: a big hydraulic press, a well equipped workshop and plenty of parking space. Night or Sunday service by appointment.

"He profits most who serves best."

Money isn't everything. You can't take it with you. It won't buy a good night's sleep nor a happy laugh. There is hardly an automobile in the county that doesn't count a friend of our work. We are proud of that—more proud of our friends than others are of their dollars. We run our business in an old-fashioned, friendly spirit, with the desire to help make the tire game more enjoyable for us all. We could make more money by charging top prices and limiting our service to those who would gladly pay—but then we would lose several hundred good friends, and the increased profit would not compensate us for the loss of their good will.

So remember that we would rather have your good wishes—your good friendship—than the higher profits which would come from catering to the ready few.

If there is any good word you can say for us—say it. If there is any complaint—voice it. If there is any favor we can do for you—count it done.

THE NEW OVERLAND

On Triplex Springs nimbly glided over the nation's roughest roads has written a wonderful story of Stamina. The story began with the unprecedented pre-production test covering 250,000 miles of the wild country of the great Southwest. In its first eight months of service among 75,000 owners climax upon climax has been piled up in records of extraordinary performance.

The remarkable performance of the Overland is due largely to its jar-absorbing Triplex Springs, which prevent the usual pounding of rough roads from causing discomfort to passengers. They also reduce the stress and strain on motor and chassis, preserving the car for longer wear and reducing upkeep. The chassis itself of finest alloy steel adds to the stamina of the car as a whole.

The success of the Overland Triplex Springs has changed the attitude of thousands toward the light type of motor car. You cannot truly appreciate the comfort, economy and stamina of the new Overland until you have actually ridden in this car.
